What Are 4Life Essential Oils?

4Life Essential Oils have been carefully collected from the finest plants around the world to provide beneficial properties for your body, soul, and life. Each oil's authenticity and aroma wisdom are guaranteed through the 4Life-PIQ™, a proprietary quality process that carefully screens essential oils for purity, authenticity, aroma power, and plant wisdom. 4Life Essential Oils are liberated through steam distillation, safe and high-quality solvent extraction, and cold pressing.

Aromatic Experience

Brisk, restorative, refreshing, sweet, fruity, and floral

Origins

Wintergreen essential oil—steam distillation of the leaves of the *Gaultheria procumbens* plant from China

Peppermint essential oil—steam distillation of the *Mentha piperita* plant from India

Camphor white essential oil—steam distillation of the bark of the *Cinnamomum camphora* tree from China

Chamomile essential oil—steam distillation of the flowers of the *Matricaria recutita* plant from Egypt

Osmanthus fragrans essential oil—high-quality solvent extraction of the flowers grown in China

Did You Know?

Pure essential oils provide pleasant scents and other beneficial properties that come from 100% natural components. Common air fresheners and body sprays often contain synthetic fragrance components that can elicit certain side effects in some people.

Recommended Uses

- Enjoy a wonderful sensory experience with diffused CoolTouch™.
- Add diluted CoolTouch to your wrists, ear lobes, the sides of your neck, or even the soles of your feet. Test a small area of your skin first to make sure you don't have skin sensitivity.
- CoolTouch, combined with 4Life Essential Oils Carrier Oil, is great for massaging a tight neck and shoulders, calves, or other body parts, especially after an intense workout or sports game.
