

Blood Stimulator TCM Concentrate (30 Caps)

Stock Number: 1005

Benefits:

- Enhances bodily function by improving blood quality and circulation.
- Helps strengthen the immune system.
- Soothes the nerves and muscles.
- Encourages an overall feeling of well-being.
- Helps maintain healthy skin complexion.
- Supports the circulatory system.

How It Works:

This formula contains the same herbs found in Blood Stimulator but in a highly concentrated blend. In addition to the kidneys, the liver is a major facilitator of blood purity.

But an effective blood cleanser must deal with all of the cleansing organs, including the colon and skin. This formula is designed to nutritionally support the blood, liver, glands and general circulation. The Chinese call this formula *bu xue*, which translates as “to nurture the blood.” It is designed to strengthen a weakened wood constitution. Blood Stimulator may improve blood quality and purity and help strengthen the immune system. Not only does Blood Stimulator help the body get rid of irritating toxins, it works to prevent more toxic buildup. This herbal combination is “adaptogenic,” meaning it has a tonic effect on the glandular system. This helps normalize hormone production to relieve the stress that comes from hormone imbalance.
