

KB-C Chinese (100 Caps)

Stock Number: 1883

Benefits:

- Strengthens the urinary system.
- Supports the structural system, specifically the bones.
- May help the body restore energy.

How It Works:

Its Chinese name jian gu can be translated to mean "strengthen the bones." It is designed to strengthen the water element. In Traditional Chinese Medicine, this formula is used to nourish the kidneys and nutritionally support the urinary and structural systems, eliminating water and providing extra joint support.

Chinese herbalists believe eucommia nourishes the kidney yang and the ligaments and bones. Eucommia has been used for centuries in the Far East for weakness. No single Western herb has been found to substitute for these qualities. Chinese herbalists also believe achyranthes relieves the body of excess fluids and strengthens it. They hold that achyranthes strengthens the liver, kidneys, bones and tendons. It has been used for convalescence, comfort and certain gynecological needs.

Ingredients:

Eucommia bark, cistanche stem, achyranthes root, dipsacus root, drynaria rhizome, hoelen sclerotium, morinda root, rehmannia root tuber, astragalus root, cornus fruit without seeds, dioscorea rhizome, epimedium

Recommended Use:

Take 3 capsules with a meal three times daily.

NOTE: Pregnant or lactating women should consult their health care provider prior to taking this supplement.

Product Variations:

- KB-C TCM Concentrate (30 Caps)
