

Relief Formula (60 Caps)

Stock Number: 1190

Benefits:

- May support temporary relief following exercise or rigorous activity
- Is well tolerated and absorbed by the body.
- Provides natural relief.

How It Works:

This product is designed for relief of minor aches and pains associated with physical activities and exercise. It contains a proprietary blend of herbal extracts, including a protease enzyme blend and a special hops extract. The protease blend provides excellent support for soft-tissue soreness.

Proteases support a healthy inflammation response, which may promote the recovery process. The hops extract used

in Relief Formula contains a high concentration of alpha acids, isolated and enriched by state-of-the-art supercritical carbon dioxide extraction technology. Alpha acids are strong antioxidants, recently linked to support the body's natural response to inflammation and pain.

Ingredients:

Hops cone extract, turmeric root extract, willow bark extract, protease enzyme blend, boswellia gum extract, rutin, phellodendron bark extract, dl-phenylalanine, mangosteen pericarp extract and andrographis whole plant extract.

Recommended Use:

Maintenance Dose: Take 2 capsules twice daily prior to meals. Best if taken on an empty stomach. Under times of body system stress, take 2–5 capsules.

Product Variations:

- Relief Formula Retail Trial Pack (20)
